

## Two D1150s sold!

Dazcat has sold two more D1150s - including one to compete against in next year's Round Britain and Ireland Race - and the Southampton Boat Show hasn't even started yet.

The first D1150 Drama Queen, pictured, has proven herself both a superb racing vessel and a fantastic family play platform. If you're thinking you want one don't sit on the fence too long. For one it's devilish uncomfortable, and for the other, it might be years before Multimarine has time to build you one.
