

**Berth 40 Lorient Boat Show  
15th-18th April 2010**

**Not content with finishing a boat and performing two qualifiers before racing each other Round Britain in June, we have decided to exhibit at the first ever Atlantic Multihull Boat Show in Lorient, in two weeks time. We will be taking Dazcat 1150 *Drama Queen*, as 1195 *Sueños* isn't quite ready yet ...**

This boat show is the first of its kind on the pan-European stage, dedicated to multihulls, and cruising in particular. Dazcats, and our 12m range in particular, make excellent cruisers, and if they also have exceptional performance who is going to complain? *Drama Queen* had a fantastic first season of cruising and racing last year and hopes are high for more of the same this year. The 1195 is a slightly more cruising-orientated cat but we hope for great things from her too.

If you're coming to Lorient let us know and we'll book you in for a test sail.

Dazcat 1195 *Sueños* having bridgedeck introduced to hulls on March 23rd. Fitting together and fit out are taking shape with launching scheduled for April

Dazcats - so easy to sail, who needs grown ups on holiday?
