

Tracey Baker - Multimarine Director Simon's better half - is off 'cruising' on her boat again! But this time it's for charity.

On 11th July Tracey and her crew will be battling it out in their Dazcat 1150 catamaran "Drama Queen" in competition for the prize money up for grabs for south-west charities. This is a hugely popular 26 mile sailing marathon with around 65 yachts of all types competing not only aiming to win but also to raise money for their chosen charity in the process.

This year, Tracey and her crew are racing on behalf of the Dame Hannah Rogers Trust, a hugely worthwhile charity. The Trust provides education, therapy, care and respite for children and young people between the ages of 5-25 who suffer from profound physical disabilities.

We would be delighted if you are able to support the Drama Queen on her pursuit of the prize money and to do the Dame Hannah Rogers Trust justice by sponsoring Tracey. If you are able to support her that would be great, your support can be given by going on her website, www.justgiving.com/dramaqueen1. Any donation, however small, and definitely large, will be of great benefit to a charity that enriches the lives of many

people. Multimarine are proud to have built the boat Tracey will be racing in, and will be cheering her on. If you are reading this after July 11th 2009, feel free to donate any time! Your support will still be appreciated, and by then we'll have the race results ...

If you'd like to find out more about the Dame Hannah Rogers Trust and the Sailing Pursuit please visit damehannah.com and eddystonepursuit.org, and to see more of Drama Queen visit dazcat.co.uk or multimarine.co.uk
